

Comfort and support

The soft enveloping seat and back support provide stability, warmth and softness.

Integrity in exposed situations

Clean Comfort is designed to increase the feeling of integrity and dignity. The comfort padding protects and hides the user without reducing accessibility for the carers.

Etac Clean Comfort

All the features of Etac Clean can also be found in this chair, but with even greater comfort. The seat, arm support and back support are padded and guarantee soft and comfortable seating.

Soft and warmth for those who need it

Etac Clean Comfort enhances the feeling of well-being for those who need a little extra comfort and support in the bathroom. The water-repellent and heat-reflective cover of the back support and arm supports helps the user to stay warm. The contoured seat offers comfortable support for the thighs and envelops the user for a safer and more comfortable feeling.

Etac Clean Comfort has the same basic benefits as other members of the Clean family – but now with even greater comfort.
