

Etac Cloo toilet seat raiser

Cloo is a height adjustable toilet seat raiser which combines flexibility and simplicity. It has a discreet and soft design to blend in with the bathroom interior.

Adjustable angle and height

Cloo can be adjusted in three different heights. It can also be set with a slight forward tilt if reduced mobility in hip and knee joints restrict the ability to sit down and stand up.

Functional arm supports

Cloo is available with or without arm supports. The arm supports are foldable but can if required be fixed in a folded down position. The arm supports are also detachable. Cloo can be used with only one arm support if space around the toilet is limited.

Easy height adjustment

To change the height, the spacers are easily assembled or dissembled without the use of any tools.

Anterior

Cloo can be set with a slight forward tilt if reduced mobility in hip and knee joints restrict the ability to sit down and stand up.

Removable seat unit

Cloo seat unit has smooth surfaces and can easily be removed without the use of tools. Important features to facilitate cleaning.
