

stingrayTM

Stingray is a superbly stylish buggy with tool free adjustment of postural support and unique swivel action for forward/rearward facing options

The carbon frame with its trendsetting design encourages any family to go out together. The Stingray is in a league of its own.

Adjustments, comfort and lightness of steering are keywords for this buggy. The Stingray makes it possible to change from forward to rearward facing with its 180° turnable seat when a child is seated. The child is always comfortably seated, whilst the various angle adjustments makes it easy to find exactly the position they need. The Stingray has supreme driving properties, fantastic suspension and with the safe and stable brakes, security always has pride of place.

The Stingray is available in 2 sizes.

18-31 cm

22-44 cm

43-67 cm

max.40 kg

Tilt in space and back recline

Perfect seating position due to adjustable seat tilt and back angle adjustment. The seat unit tilts 45° and the back reclines down, allowing your child to rest during the walk

180° turnable seat

Revolutionary function with a 180° turnable seat unit - even with the child seated! Let your child explore the surroundings during the trip or simply turn the unit to make eye contact with your child

Foldable

The Stingray is folded quickly and fits into almost any car. Fold the seat and frame units separately or altogether and pack it into your car - soon you will be on your way ...

Safe transportation in vehicles

The Stingray complies with ISO 7176-19, for safe transportation in motor vehicles. The Stingray is approved for transportation of 40 kg user weight in vehicles
